Please join us for our next TAA event at BC Hydro's Power Smart Village.

This event will feature a catered meet-and-greet reception and bar, presentations by TAAC members on specific Olympic projects of interest, and a special guest appearance and address by **Trevor Hirschfield**, a Paralympian Bronze Medalist (Beijing).

We will also have a unique opportunity to see and interact with BC Hydro's "Club Energy" Sustainable Dancefloor – a very cool, people-powered dancefloor that runs off energy created by its users, so bring your dancing shoes and your best moves. (Check out a short video on the project here: <http://www.powersmartvillage.com/club-energy.html>)

Don't miss this chance to learn and be entertained while networking with friends and colleagues.
